In the Hunter Seat section, ribbons won in classes not to jump do not affect a rider's status in classes over jumps. However, ribbons won in classes over jumps do affect a rider's status in classes not to jump. Ribbons won in Short Stirrup classes and in classes over obstacles lower than 2'3" will not be counted in earning Maiden, Novice, Limit, Intermediate, or Open Status.

SECTION 2. Conduct. *See USEF EQ107*

SECTION 6. Tests from which judges must choose. See USEF EQ113

Tests may be performed either collectively or individually, but no other tests may be used. Instructions must be publicly announced.

NOTE: In Hunter/Jumping Seat Equitation classes, any exhibitor who does not participate in the testing is placed last of those competitors called back to test. Should more than one exhibitor fail to return for testing they will be placed at the judge's discretion. If exhibitors are called back collectively to test, they must remain in the ring until all exhibitors have completed the test. If riders are asked to be in the ring during the testing, riders must be able to watch the other competitor's test. Equitation tests must not have exhibitors trotting or cantering through in gate or out gate; any exhibitor choosing to trot or canter through the in-gate or out-gate must be eliminated (see EQ108). Obstacles jumped in an equitation test must have been included in the original course. Jumps must be jumped in the original direction unless otherwise specified.

Work collectively or individually at a walk, rising/posting trot, and/or sitting trot, and/or canter.

Downward Transition Test:

- a) Walk (4-5 steps)
- b) Halt (4-6 seconds)
- c) Halt and Back for (3-5 steps). When riders working collectively are asked to halt and then back, they should walk forward a few steps and halt again after backing and then proceed with any further instructions from the judge.

Question(s) regarding basic horsemanship, tack or equipment and/or conformation. The judge may ask question(s) that are appropriate for the level of expected skill of any given class or specifications.

Working either collectively, or individually, riders may demonstrate the lengthening or collection of strides on the flat at the walk, sitting or posting/rising trot and/or canter.

Figure Eight at the trot, demonstrating change of diagonals. In any Figure Eight movement, the rider should start at a center point at the halt. To finish the movement the rider is to return to the halt at same position as the point of commencement.

Figure Eight at the canter on the correct lead. In this movement, the rider will begin at the halt and demonstrate a simple change of lead. This is a change whereby the horse is brought back into the walk or trot (either is acceptable unless the judges specify) and then restarted into a canter on the opposite lead in the center of the figure, then will proceed to the second circle on the opposite lead. The rider will halt in the center at the same point of commencement to finish the figure.

Jump a shortened course. The riders must jump all obstacles in the same direction of the original course unless the judge clearly states that a jump be attempted in the opposite direction of the original course. If the judge requests that a jump be used in the opposite direction it must be a vertical, and if there are ground lines, they must be correct. (See EQ 102.11).

Jump low obstacles at a trot as well as a canter. The maximum height of trot jump is determined as 6" lower than class requirements and is not to exceed 3' for horses and 2' for ponies. Oxers may be used as a trot jump in classes listed at 3'6" or higher.

Demonstrate a half- turn or a half-turn in the reverse. In all cases where a figure is requested between 2 jumps that requires a change of direction, the rider will not be charged for crossing their path nor will this count as a refusal between the obstacles.

Change leads on a line demonstrating simple or flying changes. The simple change is whereby the horse is brought back into the walk or trot (either is acceptable unless the judges specify) and then restarted into a canter on the opposite lead. The flying change is performed in one stride with the front and hind legs changing at the same moment. The change of the leading front and hind leg takes place during the moment of suspension.

Figure Eight at the canter demonstrating flying changes of leads. Like all Figure Eight movements, the rider is to first halt at a center point. The flying change is performed in one stride with the front and hind legs changing at the same moment. The change of the leading front and hind leg takes place during the moment of suspension. The rider will halt in the center at the same point of commencement to finish the figure.

Collection of strides between 2 fences. It is recommended that a line chosen for this test be not less than 70'.

- a. For safety purposes, judges may only ask for additional strides to be added and must not ask riders to leave out a stride.

Work collectively or individually at the walk, posting/rising trot, and/or sitting trot, and/or canter without irons. In any case where riders are asked to perform without irons they must be allowed to walk or halt and be afforded the opportunity to cross their irons if they wish.

14. Execute serpentine at a trot and/or canter on the correct leads. If trotting, the rider is to demonstrate the changes of diagonals at the center points of the figure, if cantering, the rider should demonstrate the simple or flying changes of lead in the center of the figure. The simple change whereby the horses are brought back into the walk or trot (either is acceptable unless the judges specify) and then restarted into a canter on the opposite lead.

15. Canter on the counter lead on the flat. For the purposes of Hunt Seat Equitation on the flat, a counter canter is defined as a balanced canter on the outside lead. If working collectively, no more than 12 riders may counter canter at one time. Riders must complete one full revolution around the arena in each direction.

16. A canter on the counter lead may be used on the approach to a jump. For the purposes of Hunt Seat Equitation over fences, the counter canter is designed to improve balance and suppleness. When utilizing this test, rider may be asked to:

1. Approach a single jump on a counter lead. This test requires riders make at least ONE turn or bend of a course of not less than 90* on the counter lead.

2. Demonstrate a counter canter between 2 jumps on the course. For this test, the rider upon landing off the first jump can choose from the following acceptable options:

a) If the rider lands firstly on the inside lead, they may demonstrate a simple or flying change of lead before cantering through the first 90* turn and continue to hold the counter lead to the next jump. Either the simple or flying change is acceptable.

b) If the rider lands firstly on the outside lead, they may continue to hold the outside lead to the next required obstacle.

c) A judge cannot require a rider to land on the counter lead.

17. Demonstrate a turn on the forehand done through the halt.

18. Demonstrate a turn on the haunches done from the walk.

19. Demonstrate Shoulder-in, Shoulder-out, Haunches-in, Haunches-out, Half pass or Leg Yield at either the walk or the sitting trot.

20. Hand Gallop. A hand gallop may be used either when riders are working collectively or individually on the flat (no more than 12 riders may hand gallop at one time) and it may also be used on the approach to a jump. The rider must be in a half-seat when executing the hand gallop. A hand gallop may not be requested into or out of a related distance line.

21. Ride without stirrups over fences. The riders must be allowed to remove the irons from the saddle or cross them if they wish.

22. Demonstration ride of approximately one minute. Riders must advise the judge(s) beforehand what ride they plan to demonstrate.

23. Change horses. (Note: this is the equivalent of two tests.) Riders will only change horses for Championship classes. Riders will not be asked to ride a different horse unless they have ridden the course on their own horse first.

- a) When a swap of horses is requested, the rider must be given a minimum of 90 seconds to do a brief flat and jump no more than two (2) schooling jumps.
- b) Riders may be requested to jump a previous course or a portion of the previous course. Tests 1– 22 shall not be included even if included in the former course

 2. **COMBINING JUMPER CLASSES** if less than 3 in any height section; height sections can be combined. Management has the final say as to what heights may be combined.
 3. Finals will be held at the MHSA Regional Finals. You must be a valid MHSA member to qualify for finals.

Jumper Schooling Rules

1. It is important to remember that all exercise areas are different in size, type of footing, and jump material provided. It is also important to take into account the size of the horse and the length of his stride when determining the distance of placement rails. Furthermore, the ability of the horse and rider must always be taken into consideration when deciding what is permitted and not permitted during preparation.

2. In the schooling/exercise areas during the preparation for a competition, a minimum of one vertical and one oxer must be provided. The ground must be in good condition. Management must provide sufficient obstacle material. The jumping area should be large enough to provide sufficient room for the training.
3. No one may hold a rail or touch a standard while it is being jumped.
4. All rails must be either in cups or totally on the ground (exception: one end of a cross rail may rest on the ground). Rails must be able to fall easily when hit
5. If a rail is placed on the edge of a cup, it must be placed on the far side of the cup, and is only allowed at an oxer if it does not cause the front rail to be higher than the back rail(i.e. offset).
6. Walk rails are not permitted. Horses are not permitted to walk over cross or slant rails.
7. If a trot/canter/placement rail is used it may only be used at a vertical which may not exceed 1.30m (4'3") in height. If a rail is used on the take off side of a jump, it may be no closer than 2.50m (8'2"). If a rail is used on the landing side of a jump, it may be no closer 6.5 than 3 m (9'10"). Any rail placed 6m (19'8") or further from the take off or landing side of a jump is not to be considered a placement rail and is allowed.
8. If guide rails are used on the landing side of a jump, the closest part of the rail must be a minimum of 3 m (9'10") from the jump.
9. A cross rail may be made either: by itself, in which case the height at which the cups set may not exceed 1.30m (4'3") in height
10. Swedish Oxers are not permitted for Jumpers.
11. If space and available fence material allows and safety conditions permit, combinations may be built using correct distances. Bounce jumps may only be used with verticals and may consist of a maximum of three (3) obstacles not exceeding 1 m (3'3") in height.
12. If an item (blanket, cooler, etc.) is laid over the rail of an oxer, it must only be laid over the front rail. If there is more than one rail on the front of the oxer, the item may be laid over any of those rails.
13. The use of materials, which prove hazardous, is forbidden. Manual poling and the use of offsets are not permitted. Riders are fully responsible for any jump taken by their horse. Any action deemed not in the best interest of the horse will not be allowed.

Section 2. Horse Show Requirements

- a) Competition applications and dues must be received by the MHSA office sixty (60) days prior to the competition date or that competition will NOT be recognized. Only those competition dates that have been paid will be recognized by the MHSA and listed on the horse show calendar. Competition dues are \$100 per show, per competition day. Competition managers must be current MHSA members. A MHSA show member may cancel a Regional Show by providing MHSA with written notice of cancellation. If notice is received at least 60 days prior to the first day of the show, 75% of the dues will be refunded. If less than 60 days' notice is given, no refund will be granted, and all dues paid for the show shall be forfeited. If the cancellation is due to severe weather or other acts of God, the dues paid will be refunded, less a \$25 office fee. Any other dues, fees, fines, or indebtedness owing to the MHSA is not affected by this provision.

- b) Competition application and payments for Regional Shows re-applying for the same date must be received 90 days prior to the competition date. Applications and payments not received within 90 days of the start of the competition may risk losing their previous date. Regional competitions needing to request a bye-year may do so by sending a written request to the MHSA (via email or mail) no later than 60 days prior to the start of the competition. A competition may only request one bye year. Payment of \$100 payable to the MHSA is required to hold the date for one MHSA calendar year.
- c) All horse shows that want to be MHSA Regional recognized are required to provide the Maryland Horse Shows Association a Certificate of Insurance naming the MHSA as additional insured for each horse show date. The insurance should be a minimum of \$1 million per occurrence/\$2 million aggregate.
- d) In order to be an approved MHSA Regional Horse Show, management must provide the MHSA office with a current prize list sixty (60) days prior to the competition date, so the prize list can be reviewed and approved. If the competition's prize list is not received in the office at least sixty (60) days prior to the competition date, a \$50 fine will be imposed. Any revisions, corrections, or additions to the prize list must be resubmitted prior to the competition date for final approval. The MHSA Executive Committee specifically reserves the right to withhold prize list and show approval if a prize list is not in complete compliance with all MHSA Regional rules and regulations. The MHSA is not responsible for the final content of any prize list.
- e) A horse show must offer at least six (6) Regional Divisions in order to be recognized as a MHSA Regional Horse Show.
- f) MHSA Regional Horse Show competition dates will not be awarded to USEF rated horse shows except by special permission of the Executive Committee. The Executive Committee specially reserves the right to award all MHSA Regional Horse Show competitions dates. The Executive Committee shall have the authority to take away or not grant Regional recognition, if in its judgement a show or shows do not maintain a reasonable standard of conduct or safety and/or are not in or do not represent the best interest of the program. No more than two Regional Shows per weekend day will be approved. (Exception: Eastern Shore). Shows held on the same date must be located a minimum of 30 miles apart "as the crow flies".
- g) With the exception of the Regional Championship horse show, no other MHSA Regional rated horse show may have a pre-entry only requirement.
- h) Each Regional horse show must have an Emergency Medical Technician (EMT) on the horse show grounds during all riding activities.
- i) Regional Horse Show Judge Requirements. Every person who judges a MHSA Regional Horse Show must have a MHSA judges card (with current MHSA membership) or USEF judges card. It is the responsibility of the show management to verify its judge's membership and to be responsible for his or her membership. It's up to the show manager to verify that the judge is licensed with either MHSA or USEF. Failure to hire an approved judge and/or submit membership fees with the show results could result in a withdrawal of show approval and/or loss of future dates. Special exception to the judge's membership rule may be achieved by submitting a written request with the proposed judge's name and qualifications to the MHSA Executive Committee for its approval, via the MHSA office at least two weeks prior to the horse show date.

- j) Regional Horse Show Steward Requirements. It is the responsibility of show management to verify its steward's membership and to be responsible for his or her membership. It's up to the show manager to verify that the steward is licensed with either MHSA or USEF. Failure to hire an approved steward and/or submit membership fees with the show results could result in a withdrawal of show approval and/or loss of future dates. MHSA Regional Program Horse Shows must have an MHSA or USEF licensed steward. See also Rule XII, Part I, Section 6. A Steward may officiate no more than four (4) MHSA Regional Program Horse Shows in a row for one horse show management.
- k) The phone number for the on-call veterinarian must be on display in the horse show office.
- l) In accordance with USEF GR845, the MHSA has adopted the following health protocol for all Regional shows effective 4/25/17. MHSA/USEF Rated shows are already covered by this same protocol.

SECTION 3. USEF GR844 Equine Vaccination Rule

1. At Federation licensed competitions horses, more than 7 months of age, entering the grounds must be accompanied by documentation of Equine Influenza Virus and Equine Herpes Virus (Rhinopneumonitis) vaccinations within six months prior to entering the stables. Horses not in compliance with this rule may be required to leave the competition grounds upon request by Competition Management. Documentation should consist of one of the following methods mentioned below. The frequency of vaccine administration should be per the vaccine manufacturers' or veterinarian's recommendations. It is recommended that vaccines are administered by or under the direction of a veterinarian.
2. In the case of vaccines administered by a veterinarian, the exhibitor, upon request by Competition Management, must provide documentation from the veterinarian documenting that the horse in question received the vaccinations, name of the vaccines and date of vaccine administration.
3. In the case of vaccines administered by a person other than a veterinarian, the exhibitor, upon request by Competition Management, must provide a receipt of the vaccine purchase which is signed by the owner, or agent with care, custody, and control of the horse; name, serial number and expiration date of the vaccine; and date of vaccine administration.
4. In the case of a horse that is unable to receive either of the vaccinations due to a history of adverse reactions, the exhibitor, upon request by Competition Management, must provide a letter from the veterinarian on official letterhead stating that the horse in question cannot be vaccinated due to medical concerns and a log of temperatures taken twice daily for the seven days prior to entering the competition grounds. These horses must also have their temperature taken and logged twice daily while on the competition grounds. The log of temperatures should be provided to the Competition Management, steward, or technical delegate when requested.
5. Competition Management may not amend or enhance vaccination requirements without prior approval of the Veterinary Committee.

SECTION 4. Reporting Show Results

1. Show results must be received in the MHSA office within fourteen (14) days of the competition date. If the show results are later than the fourteen (14) day deadline, the show will incur a \$100 penalty. If the results are late for more than three times, that horse show will no longer be recognized by the MHSA. All shows that are late must pay the penalty and send the results within thirty (30) days from the competition date in order to continue being recognized by the MHSA for the remainder of the show year and the following show year. The results must be sent electronically in the USEF or ShowPro format.
2. The MHSA office must be notified immediately if a horse show is either cancelled or rescheduled. Failure to notify the MHSA office of any cancellations and/or date changed will result in the competition dues being forfeited. The procedure and rules regarding refunds for horse shows that are cancelled can be found on page 19 of Rule book in Section 6.
3. The MHSA requires all MHSA Regional horse shows to keep on file the judge's cards and results for every recognized horse show for one full year from the date of the show.
4. Show results will only be accepted by the MHSA office in a computer format that the current MHSA point program, "OrgPro" is compatible with. It is the responsibility of show management to verify its software program is an accepted program. Failure to comply could result in a withdrawal of show approval and or loss of future dates.

SECTION 5. Annual High Score Awards

No points will be credited toward the Annual High Score Award before the horse or pony is recorded and its owner becomes an individual member. In addition to these points, only these four horses receive half points for ribbons won in Model classes and full points for ribbons won in one Under Saddle class. Exception: High Performance and Performance Hunter sections with three classes receive half points for the under saddle class, see HU135.

The MHSA Regional Derby is open to any horse or pony registered at the hosting horse show. In order to receive MHSA Division points, horses/ponies and owners must be actively recorded and registered with MHSA. Riders must fill out the official MHSA Declaration Form in the horse show office to declare which MHSA division they would like to earn points towards. Heights offered are 2', 2'6" and 3', rider's discretion. HOWEVER, to earn MHSA Regional Points, a horse/pony must jump the equivalent of their rated section. 2' option for Low Pony, Small/Medium Pony, 2'6" option for Large Pony, Low Children's Horse, Low Adult, Thoroughbred, and Low Hunter. 3' option for Working Hunter, Thoroughbred Hunter, Children's Hunter and Adult Amateur Hunter.
